

# CMF International

Christian Missionary Fellowship is compelled by Christ's love to transform lives and communities around the world. CMF is a team of missionaries doing cross-cultural ministries in 18 countries, a Board of Directors, US Leadership Team, and sending partners — churches and individuals who provide support. For six decades, CMF has taken Christ to the nations in the language of each people, telling the Good News in ways relevant to their culture.

Among unreached people, CMF applies culturally appropriate methods to evangelize, plant churches that reproduce, and train leaders. Our marketplace ministries open doors in countries resistant to standard mission approaches as Christians use their professional skills in education, development, and business opportunities. Rapidly growing populations of urban poor in the world's cities urge us to develop holistic ministries that provide ways to break the grip of poverty and demonstrate the love of Christ. Globalscope's campus ministers provide community as they seek to make Christ real to university students in Mexico, Chile, Thailand, Spain, England, and Germany.

**Brazil, Chile, Mexico, Asia, Indonesia, Central Asia, Thailand, Ethiopia, Burkina Faso, Ivory Coast, Kenya, Tanzania, Germany, Great Britain, Spain, Ukraine, and the USA.**
