MISSIONARIES TO TANZANIA

"...that your ways may be made known on earth, your saving power among the nations." Psalm 67:2

June 2010

Hello, everyone!

As you might know, we are back in the US until the end of the year for our first furlough after over 2 years in Africa. It is exciting and overwhelming at the same time. Our first weeks here are busy with wedding details as we prepare for our daughter Nicole's wedding. And we enjoy time attending Churchill shows where our son Joe is the drummer.

Then we start our road trips visiting friends and family and churches across the states. What a privilege to share all that God has done during these past 28 months and the future that is laid out before us in Tanzania. Our stories about the growing body of believers in the bush, community change in the villages, and new families joining our team inspire us to keep going. Our vision for the coming years includes expanding the training center and school; adding at least 2 new families to the team; recruiting people for church planting and microfinance, as well as a physician; and assisting rural village development with water projects, a school room, and church building construction.

July and August take us through the Midwest. September and October is our time in the Northwest. The rest of our time is based in Denver. You can contact us by
